

IMPLEMENT

Applied ILU: Implementation of Sustainable Site Measures

Plant Meadow Areas to Encourage Plant Uptake of Pollutants and Infiltration of Stormwater

Shade Parking Lots with Trees, Control Light Pollution with Shielded Fixtures, Reduce Waste with Salvaged Materials

Place Outdoor Seating to Create Areas for Mental Relaxation and Social Interaction

Provide Diversity in Wetland Plants/Use Wetland Plants for Stormwater Quality

Improve Existing Ponds to Provide Opportunities for Stormwater Management, Outdoor Classrooms, Wildlife Habitat, Passive Recreation

Use Pervious Asphalt Parking Lots to Infiltrate Stormwater and Minimize Runoff
